Log in

2. On the home page click the “SKETCH” button to activate a new Design Quote Request.

### 3. Product selection.

Before the form launches you must choose the product you would like us to create a design for.

You will automatically be taken to the next stage.

Please wait, it may take a few seconds...

**Note:** You can click the grey drop down "Product Details" to reveal your unique order information. Here you can make a note of your unique Design Quote Number, incase you need it later.

Product Details ▼

Choose Product:

4. The form will launch.

Optional: You may add your own unique reference in the field.

Create a Design Name, this will make it easier to reference later.

If your chosen product has border options you may select them here.

The remaining form fields will automatically appear once you have completed these selections.

**Note:** You can click the grey drop down "Product Details" to reveal your unique order information. Here you can make a note of your unique Design Quote Number, incase you need it later.

Product Details ▼

Your Reference:

Design Name:

Border [mm]

## 5. Sizes

These fields will change depending on your selections...  
They may also change depending on the type of Product...

Design standard dimensions:

You can choose a fixed standard size from the list or “[Special dimensions](#)”

Choosing “[Special dimensions](#)” will reveal the “Width” and “Length” fields:

Width [mm]:

Length [mm]:

## 6. Completing the form - Quick Reference.

**Your Reference:** Create your own reference if required.

**Design name:** Enter the name of your design.
