CARE

Before first use, wash your Dirt Trapper Design doormat separately at 30 °C and mild detergent, please do not use fabric conditioner. Spin the mat on a high spin cycle. Linting during washing is normal with cotton doormats, it does not affect the performance of the doormat! Be sure to clean the screen of your washing machine after washing according to the manufacturer's instructions.

Please allow your Dirt Trapper mat to air dry lying flat and never place it on a wet floor. Take care of your Dirt Trapper mat regularly to maintain its best absorbency.
